

## Arrivals and Departures

EYFS:3.7, 3.62

At The Patch we give a warm welcome to every child and family on their arrival.

Due to coronavirus and us keeping the potential risk to a minimum parents are currently not permitted to enter the nursery building.

Parents are requested to arrive at their allocated time and follow social distancing on the school site at all times. Only 1 parent to drop off and collect their child.

Staff will be available outside the patch entrance to welcome the children and take them into nursery using the bikes/cars or walking into nursery.

Staff will ensure children's hands are washed as soon as they go into nursery before touching any resources or equipment.

Parents are requested to pass the care of their child to a specific member of staff who will ensure his/her safety (this is usually a child's key person). The staff member receiving the child immediately records his/her arrival in the daily attendance register and Family. The staff member also records any specific information provided by the parents, including the child's interests, experiences and observations from home.

If the parent requests the child is given medicine during the day the staff member must ensure that the medication procedure is followed.

If the child is to be collected by someone who is not the parent at the end of the session, there is an agreed procedure that must be followed to identify the designated person. Photo identification and/or a password are also required where possible for the designated adult. Parents are informed about these arrangements and reminded about them regularly.

The child's key person or other nominated staff member must plan the departure of the child. This should include opportunities to discuss the child's day with the parent, e.g. meals, sleep time, activities, interests, progress and friendships. The parent should be told about any accidents or incidents and the appropriate records must be signed by the parent before departure. Where applicable, all medicines should be recovered from the medicine box/fridge after the parent has arrived and handed to him/her personally. The medication policy is to be followed regarding parental signature.

The nursery will not release a child to anyone other than the known parent unless an agreement has been made at the time of arrival. In the case of any emergency such as a parent being delayed and arranging for a designated adult to collect a child, the parent should inform the designated person of the agreed procedure and contact the nursery about the arrangements as soon as possible. If in any doubt the nursery will check the person's identity by ringing the child's parent or their emergency contact number (please refer to the late collection policy).

On departure, the staff member releasing the child must mark the child register immediately marked to show that the child has left the premises.

When parents arrive we request they call nursery and a staff member will take the children out to their parents. social distancing measures must remain in place and full feedback will be given via family and less face to face contact.

### **Arrivals and departures of visitors**

For arrivals and departures of visitors the nursery requires appropriate records to be completed on entry and exit e.g. in the visitors' book. Please refer to supervision of visitors policy for further information.
